Reasons for Allowance

The following is an examiner's statement of reasons for allowance: In combination with the claimed subject matter, the prior art does not teach or fairly suggest dynamically reconstructing an image from graphics effects parameters stored in a database. The closest prior art, U.S. Patent No. 6,253,216 (Sutcliffe et al), teaches reconstructing a web page from parameters stored in a database. U.S. Patent No. 6,389,460 (Stewart et al) teaches a method of retrieving an image when it is not found in a cache, but fails to suggest accessing parameters of the image stored in a database.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian J Detwiler whose telephone number is 703-305-3986. The examiner can normally be reached on Mon-Thu 8-5:30 and alternating Fridays 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John W Cabeca can be reached on 703-308-3116. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
